Dear Prof. Cui,

It is my pleasure to invite you to University of Maryland, Baltimore County for an academic visit from August 27th to August 30th, 2017. The actual starting and ending dates are however flexible and dependent on the valid period of your travel documents.

During your stay, we would like to invite you to give a seminar talk on wave/coupled wave scattering from ocean water-saturated porous sediment. Since several of our research areas overlap our discussion will focus on the topics of our mutual interest and expertise. And you are also encouraged to interact with other faculty members and researchers in the department.

We hope that you can accept this invitation and look forward to your visit.

Yours sincerely,

A handwritten signature in black ink that reads "Pengwang Zhai".
