Professor Zhiwen Cui
Department of Acoustics and Microwaves
College of Physics, Jilin University
2699 Qianjin Street
Changchun, Jilin 130012
P. R. China

Dear Professor Cui,

I'm writing to invite you to visit our research laboratory in the Department of Civil and Environmental Engineering at Princeton University for a scholarly exchange from August 1 to October 2, 2017.

I'm happy to host you during your visit at Princeton University. My colleagues in the department and I would like to discuss with you about research related to geoelectrics such as seismoelectric effects in borehole with outer interface, elastic waves in water-saturated porous medium. Our collaboration will focus on the topics of our mutual interest and expertise. We hope that you can share your experience in acoustics with the members of our laboratory at Princeton.

We will provide your accommodation in Princeton. I understand that other travel expenses will be covered by your research grant, and your salary will be supported by your university.

I look forward to your visit at Princeton University.

Cordially,

Ming Pan, Research Scholar
Department of Civil and Environmental Engineering
